

A close-up photograph of a tiger cub sitting in a snowy environment. The cub is looking directly at the camera with a calm expression. Its fur is a mix of orange, black, and white, and it has a pink nose. Snowflakes are visible in the air around the cub, creating a soft, wintry atmosphere. The background is a blurred, light gray, suggesting a snowy landscape.

SOCIAL DISTANCING SIGNAGE & GRAPHICS FOR RETAIL ENVIRONMENTS

For retailers in the high-street and shopping mall, there will be some distinct changes to how shoppers enter, navigate and checkout in-store.

Following government guidelines, retailers are required to implement a number of social distancing measures in order to protect retail staff and customers.

We've designed a suite of social distancing signage graphics ideal for retail environments that will help to keep your staff and customers safe in-store.

You can simply send us your logo and we will update our designs with your brand, or alternatively we can develop a new social distancing design specific for your stores.

To discuss how we can help you to implement social distancing signage graphics contact us on info@kamset.co.uk or 01268 820222.

SOCIAL DISTANCING FLOOR GRAPHICS

Floor graphics offer a cost-effective visual guide for customers when implementing social distancing graphics and signage in retail stores.

Our range of external and internal floor graphics have been tried and tested to ensure maximum performance as follows:

INTERNAL

Graphics for most floor types including carpet tiles

Insured and approved anti-slip rated laminates

6 months longevity

Short term options available

Easy-fit

Removes without leaving a sticky residue

EXTERNAL

Graphics for concrete, pavement and stone

Insured and approved anti-slip rated laminates

6 months longevity

Shorter-term options available

Removes without leaving a sticky residue
